ATC Warranty Transfer

An ATC Warranty may be transferable to additional owners provided certain criteria including vehicle re-certification are met. These criteria are as follows:

A. The warranty transfer shall not extend the original warranty beyond 3 years and 36,000 miles measured from the original production date of the conversion.

B. The conversion is certified by All Terrain Conversions, LLC or one of our certified stocking dealers to meet the criteria established by ATC at the time of the requested transfer of said warranty.

C. The requesting party pays the established price of said certification as of the time of request. The MSRP for this service is $495.00.
